

Session 4: August 8th- August 19th

Fun and Fitness

Outdoor time, extra daylight, warm temps... summer makes it easy to live healthy, to be active, and eat well. Run, play, and create magical moments relaxing under a tree with a healthy, delicious meal prepared together. The campers will be cooking healthy treats using fresh ingredients. Ready, Set, Go... building on teamwork through games and physical events will keep the children active and also introduce them to new sports and master old ones. This week the campers will be dancing away. They will be focusing on the area of yoga, Zumba, and grooving away using their creative expression in a lot of group fun.

Save the Date:

The end of the summer BBQ is on August 25th from 6:00-8:00pm. We invite you to attend and enjoy some special time spent with the families at the center. We also have a special guest, Mario the Magician coming from 7pm-7:45pm.

Session 1: June 27th- July 8th

The Great Outdoors

Our campers will be exploring the great outdoors for the next two weeks. The children will be connecting with nature and all that it entails this summer. We will be pitching a tent outside where the children can pretend to go camping. They will be learning all that is needed when you go camping.

The campers will become little explorers as they examine plants and insects in their surroundings. The campers will also be exploring with water. They will be in the sprinklers, talking about the different bodies of water, and using the smartboard to see real life images of what they are discussing. Lastly the campers will be exploring a BIG dig. They will be unleashing their inner archeologist and exploring the mysteries and excitement of what are buried beneath the ground through fossils, bones, and even a treasure hunt.

Session 2: July 11th-July 22nd

Creative Expressions

This week will be filled with the Arts. The campers will experience all the different aspects of the Arts.

They will be getting messy and exploring different art materials. The children will be learning about different artistic styles and also different famous artists. The campers will also be singing, dancing, and playing with multiple dimensions of music. They will be able to learn all about the different instruments and the different sounds they make.

Photography will be the camper's next stop. They will be able to take pictures with the digital cameras, make their own photo gallery, and learn the process of how pictures are printed. Lastly we will be incorporating sewing and weaving and learning basic sewing techniques and creating a group project.

Session 3: July 25th-August 5th

STEM Works

Campers will be exploring with hands on experiments and have the opportunity to invent, test, and participate in STEM experiments. The children will turn their classrooms and playground into their labs, becoming little scientists and making their own discoveries. They will be learning about Space and stars. They will be using a variety of materials to construct creations and watch the cause and effect of their experiments. This is also the time to get messy. The children will be doing lots of hands on sensory experiments... they will be gooey up to their elbows. This is also where the children will be learning about weather they will be observing the science of weather, its consequences, and effects and how it impacts how we dress and what we do each day.
