

# We did it!

*We are proud to announce that we received exciting news...*

**Bright Horizons  
at SWEP has once  
again earned our  
NAEYC Accreditation!**

*What does accreditation with the National Association  
for the Education of Young Children signify?*

NAEYC Accreditation of programs for young children represents the mark of quality in early childhood education. Accredited programs have met NAEYC's 10 standards for high-quality early childhood education. These programs have demonstrated that they provide a safe and healthy environment for children, have teachers who are well-trained, have access to excellent teaching materials, and work with a curriculum that is appropriately challenging and developmentally sound.

After an extensive application process, NAEYC program assessors visited each of our programs and determined that we have continued to meet and exceed the NAEYC standards. We thank you for your support during our renewal process. We are incredibly honored to be named a NAEYC accredited school and look forward to ensuring that your family continues to receive the highest level of care and education for years to come.

Warm Regards,  
Your Bright Horizons at SWEP family
