School- Aged *Mad Science* Summer Camp Series

School—Aged Mad Science Summer Camp Series

Tuition Schedule

This summer we are proud to present our School—Aged Mad Science Summer Camp Series for children kindergarten through fourth grade.

We will be exploring the Scientific Method each day by doing a variety of different projects. We will be able to do research using our Smart Board and touch screen computers along with hands-on experiments that will have children shrieking with excitement.

Campers will explore volcanoes, living insect habitats, and a multitude of chemistry experiments. Did you know you can power a battery with the use of a potato? Our campers will learn the how and why behind experiments such as this.

There's a variety of different program options to choose from for Summer Camp. Please refer to the Tuition portion for program pricing and program schedule options.

There is NO registration fee for summer camp

**Circle the program you're choosing, days/
hours and the session.
Price applies per session.**

June 9—30 July 1— 31 August 1—14
