

## **Check out our World Travelers Enrichment Program!**

**The World Travelers Enrichment Program was created to inspire the children and teachers in the Art Studio and Cooking Club; as we continue to add value to the programs we offer here at Bright Horizons at Roseland.**

**During this program, we will introduce the children to different places around the World first beginning with the United States of America. We are excited to enhance our attention on the Our World curriculum piece of the World at Their Fingertips and celebrate the differences in the world around us and learn about the cultures and what makes these places unique!**

**We are excited to begin this adventure with your children and look forward to sharing our "trip" around the world with you!**
