

## Heidi Grosvenor Janice Hill Award Recipient 2011

*The Janice Hill Award is given in memory of Janice Hill, who enthusiastically dedicated herself to children, families, and coworkers at the Campbell Child Care Center during her 10 years of service. One teacher from each division is recognized at the Bright Horizons' leadership recognition event. These honorees demonstrate commitment to the field of early childhood education, listening to colleagues and participating wholeheartedly in center or school activities. They have nurturing interactions with all children and respond with flexibility by providing developmental expertise to children of all ages. Janice Hill recipients embody family-centered care by meeting families where they are — acknowledging and accepting their individual values and ideas while sharing their joys and challenges.*

The following was read about Heidi at the Award Celebration:

*Ask anybody and they'll tell you: Heidi Grosvenor is an employee that shines.*

*A dedicated teacher at the Clubhouse at Bright Horizons, Heidi has been with the company for many years, always trying to gain new teaching skills, striving to give it her all, and constantly working to give children lessons to get excited about.*

*A gifted teacher for all students, Heidi has become an especially bright star for children with special-needs. In her many years with Bright Horizons, she's shown herself adept at getting to know these special children and figuring out the best ways to meet their requirements. Always one to go the extra mile, Heidi devotes grace, love and extra time to making sure each child with special needs is getting the same opportunities as the other children in her classroom.*

*But Heidi's warmth and caring extends to all of her charges. Children in her class benefit from an environment that is educational and age-appropriate, and from a teacher who works hard to constantly improve. Evidence of how much she adores all of her children can be found on her classroom walls, surfaces covered with writing, art, projects and more. Year after year, Heidi improves on what is already an excellent program, meeting children at their level and using innovative curriculum to become an exceptional early childhood educator. It is for all of these reasons that we are honored to give Heidi this award.*

Heidi was also awarded with \$1,000 from Bright Horizons! Visit our [photo gallery](#) to view pictures from this special evening.
