## TRACK OUT AND SUMMER CAMP PROGRAMS

Camp programs at The Clubhouse offer indoor and outdoor activities, plus opportunities for fun, friendships, and exploration. Our programs group children by age and encourage their growing ability to make choices, work with others, and assume responsibilities. Look to our Clubhouse camps for theme-based experiences and activities where children learn life skills while enjoying traditional camp fun. Seasonal camp calendars are published weekly with details of field trips and projects.

In addition, our program offers students safe, private bus transportation from school, and relaxed, small-group assistance with homework. We also provide Club experiences throughout the week for students interested in various subjects such as gardening, technology, sports, robotics, and dance.

# About Our Program

## OUR SCHOOL-AGE CARE SOLUTION

We strive to provide flexible school-age solutions that demonstrate our commitment to excellence. Full-day, weekly programs serve families on every type of school calendar — public or private. Anytime your school-age child needs care, The Clubhouse provides a program to meet your family's needs.

## A FAMILY-ORIENTED PROGRAM

At The Clubhouse, we recognize that a child does not come to us alone, but as a member of a family. With that in mind, the focus is on families. You are our starting point both for developing programs that serve children, and on partnerships that serve whole families.

## OUR PARTNERSHIP WITH YOU

Creating a sense of community and fostering open communication with parents is critical to our program. We are always interested in your ideas and welcome your feedback and involvement. Our partnership helps ensure that we meet your family's needs, and that your child receives the highest-quality care.

## THE WORLD OF SCHOOL AGE

At The Clubhouse, we understand the growing physical, intellectual, and social competencies of school-age children. Our state-of-the-art facility was built with their needs in mind. Low counselor-child ratios allow us to establish personal connections in a small-group atmosphere. Our goal is to create a safe and loving environment where the pressures of the world fade away and where children can have an exciting and memorable adventure.
