

Summer Adventures—June 2014

Schedule of Events

Session 1—The Great Outdoors-

Summer is a time to help connect children with nature. We will discover the nature around us in our own backyard. We will create an imaginative and fun play experience with tents, sleeping bags, flashlights, and s'mores!

Session 2—Express Yourself -

The arts provide unlimited ways for children to express their individual personalities. Creative expression will be encouraged through the visual arts, drama, music, and dance. Children will become familiar with famed artists such as Monet and Jackson Pollack while also discovering their inner performing artist.

Sessions 3 & 4—Around the World: Big Dig -

Turn into an excavation and artifact expert! This adventure is a mix of archeology, paleontology, and geology, allowing children to literally dig in and make discoveries as they examine dinosaurs, bones, artifacts, rocks, and more. Children's natural instincts will be expanded as they have opportunities to really learn about natural elements and explore our world's history.
