

## **X-treme Summer Themes**

### **Survivor Island**

Campers will join us at Island Council and enjoy a week filled with mental and physical challenges. Teams will create their own immunity symbols and compete for challenge points and immunity each day. Which team will play better, play smarter and last longer?

### **Cooking Impossible**

The campers' mission this week, if they choose to accept it, is to complete the daily cooking challenges. Campers will have limited resources, no advanced planning and a finite period of time. Ready, set, cook! They'll have to be careful though... the timer is set and the clock is ticking away!

### **It's Tee Time**

It's time to get goofy about golf. This week campers will explore the game of miniature golf as they design, create and build a miniature golf course! Who knows if one of our campers will turn into the next PGA legend! Tee Time is Friday at our Goofy Golf course where campers will cheer each other on and "drive" their peers to their own holes in one.

### **The Great Big Outdoors**

Does your child like webs, wings, and crawly things? They can count on encountering many of our natural friends this week. Campers will explore nature, the wilderness and adventure as we spend the week in the great big outdoor world. Friends and family can join us at the end of the week for a good old fashioned campout around the fire.

### **That Kid's Got Talent!**

We'll do so much more than sing during this creative week designed to bring out the performer in everyone. Our contestants will design, choreograph, build and then take to the stage to perform their favorite act. Get your tickets early for our Fantastic Friday Big Top Talent Show!

### **Wet 'n Wild**

Pack your child's bathing suit and towel for water fun that's more than just swimming! We'll slide, dunk, splash, soak, and spray the days away as campers enjoy and explore the three stages of water; solid, liquid and gas. In our final adventure of the week campers will take a deep breath and dive into Wacky Water World.

### **The Science of Gross Things**

Filled with all things GROSS, campers will learn two lessons: 1) how the body works and 2 ) how to discriminate between different tasting foods. Campers will taste pickled eggs, sardines and other foods that have distinct flavors. Learning that one person's "gross" is another person's "yummy", they will be exposed to all things slimy, drippy, stinky, yummy, and not so yummy. As far as we're concerned, the grosser the better!

### **Urban Designer**

Imagination and inspiration will shine during this week of arts and design. Campers should prepare to get messy because they'll explore all different types of art mediums including fine arts, drama, dance and construction. At the end of the week, we hope you'll join us for our design exhibition at the Fantastic Friday Urban Design Show!

### **X-treme Destinations**

Has your child ever wanted to travel to the tropical rainforest or the majestic lands of Alaska? This summer your camper can join us as we travel the world using imagination and creativity. Campers will virtually experience X-treme places, X-treme temperatures and X-treme cultures and discover all that our world has to offer as they join us on this journey.

### **X-tremely "Green"**

Campers will become conscious of the planet and explore many ways to reduce, reuse and recycle. They'll help create compost piles and set up recycling centers; develop their green thumbs in gardening, use nature for art and become part of the pollution patrol. Campers will leave their mark on the blueprint of the Earth during this session.

### **X-treme Inventions**

The accomplishments of Edison and Franklin may have to take a back seat as we challenge our campers to become kid inventors and come up with the next amazing invention. They will use physics, engineering, chemistry, biology and more – so be prepared for all of the new things they will develop. The next noble prize winner may be part of our camp during this session.

### **Race to the Finish**

Join us at the finish line of our X-treme Summer camp! This week, campers will participate in amazing adventures and races that will challenge what they have learned and experienced during the summer. Be prepared for just about anything as we say goodbye to our summer friends and recall the fun and adventures of our time together.

### **STEM Happens**

The exciting world of STEM is happening all around us! During our STEM summer session, campers will participate in various challenges that require them to research, design, build, create, test, and develop innovative solutions for real world experiences. Using 21<sup>st</sup> century skills, they can build out of this world structures, make robots and even create flying objects. Our STEM session is a real happening!

### **X-Treme Action Cinematography**

See the world from the point of view of your camper as we put one of the most versatile cameras at their fingertips allowing their creativity to run wild! Campers will use the GoPro camera and cutting edge editing software to produce documentaries and photography never captured before during a summer session. From an up close perspective of wild animals in their habitats to underwater exploration this session is guaranteed to be full of "X-Treme Action!"

### **Myths and Legends**

This session is for all who enjoy great stories and the art of storytelling. Campers will look into some of the world's most famous myths, folktales and legends. Join us as we unlock some ancient secrets, explore magic and tell tales. From Hercules and Rumpelstiltskin to Bigfoot, we will uncover the myths and legends of yesterday and today.

### **Art Explosion**

What makes an artist an artist? In this fun filled session campers will learn a little art history and have the chance to use a variety of techniques, tools and materials. Campers will examine many art making methods both traditional and modern and in the style of some famous artists from around the world. They will create their own masterpieces and see how great art can be made with a piece of this and a bit of that.

### **The Greatest Games of All**

Campers will enjoy a good old fashioned time playing games. All types are available- board games, sports games and versions of their favorite TV game shows. There is something for everyone - being a participant, a contestant, a judge or even a host. They'll win prizes and set their competitive spirit free. Even more exciting, they will design and make their own games during this session.
