

# A Great Place for Your Baby... and Family

## You Want the Very Best Care for Your Baby

We know that selecting a trusted child care partner is one of every new parent's most important choices.

**Bright Horizons**<sup>®</sup> can help.

Bright Horizons provides a warm, welcoming environment for your child to thrive, and for you to feel relaxed and at ease. Most important, you can be confident your baby will always be safe, cared for, and well loved.

Our commitment to you and your child includes:

- **Communication:** We understand that it's hard to be away from your baby. We'll share everything with you about your child's adventures, from naptime to bottle time, through daily information sheets, photographic displays, and your baby's individual portfolio.
- **Care for your baby:** Your baby's own personal care plan guides his daily schedule, nutritional guidelines, and any other requirements that reflect his unique characteristics as well as your own beliefs, values, and culture.
- **Very special caregivers:** You and your baby will be assigned a primary caregiver who will give your baby everything she needs to feel loved, secure, and happy.
- **A safe, healthy place to explore:** Infant spaces are designed for babies on the move. Our stringent safety, security, and cleanliness standards meet or exceed all state and local guidelines, as well as those created by the National Association for the Education of Young Children.

## Your Baby's Day

A typical day in the infant room may begin with an energizing stroll outside, providing a perfect way to experience our natural world. After many opportunities to explore and practice her developing motor skills, your child might listen to classical music, take part in a sing-a-long, or hear a story. All the while, she'll have cuddly laps and open arms to provide the security and confidence she needs to spread her wings. You'll know just what excited, delighted, and comforted your child, and you'll hear about every important milestone that happened throughout the day.

## An Exceptional Place For Your Baby to Thrive

We value the idea that all babies are born with a job to do: to learn about the world and develop into the very best people they can be. Bright Horizons provides a nurturing environment and educational experience that help them do just that by providing opportunities to:

- *Make sense of the world* by exploring a rich sensory environment filled with different sights, sounds, and textures.
- *Discover and develop all their bodily powers* with soft, safe places to roll over and pull up, to crawl, and to safely explore the outdoors.
- *Deeply connect with others* in a caring community that fosters a sense of security and trust.
- *Learn to communicate fully* through wonderful conversations, poetry, singing, reading, and lots of smiles and hugs.
- *Discover how everything works* with quality materials and experiences that encourage your baby's natural curiosity.

**Bright Horizons: Where the joys of learning  
and discovery happen every day.**

Choosing child care for your baby is one of the most difficult decisions you can make. You are looking for a relationship that will last years and provide the support you need to raise a happy child and begin a lifelong love of learning. Bright Horizons is deeply committed to forming a strong partnership with your family and providing safe, quality care for your baby.
