

Join Us For a Summer of Fun, Friendships, and Exploration!

A Partnership with Families

At Bright Horizons, we recognize that a child doesn't come to us alone, but as a member of a family. The family is our starting point for developing programs and partnerships that create a strong sense of community. From casual conversations to a standing invitation for you to participate in many capacities, we encourage a collaborative relationship between our administrative staff, counselors, and you, the parent. We consider it a great honor that you're considering Camp Explorations for your child.

Summer camp programs at Bright Horizons® take advantage of all that the summer has to offer. Our teachers develop a fun curriculum that uses the surrounding communities and special visitors as an extension of the camp. Children can explore nature, experiment with science, and engage in the creative arts, all while learning about the world around them.
