

Join us for a Preschool,
Kindergarten Prep
and Kindergarten
Science Fair!

Thursday, April 30, 2015
4:30 – 6:00 PM

During the Science Fair you will be able to:

- Learn more about our *Science Rocks* curriculum and find out how we encourage children to question, experiment, observe and use the scientific method each day.
- View documentation of the various science activities highlighting the *Science Rocks* learning experiences your child has or will explore in Preschool, Kindergarten Prep and Kindergarten.
- Experience hands-on science activities with your child in each of the classrooms.
- Bring a friend! Share in your Bright Horizons experience by inviting friends and family to also experience the Science Fair.
