

School Age Summer Camp

Camp Session Descriptions

Environmental Explorers- June 12th - June 23rd

Grab a basket and explore Mother Nature's grocery store! Delve into the fine art of food appreciation and living green! Both of these aspects is a sensory experience where campers will explore all its properties from the ground up! From recycling, filtering water, hydroponics gardening. Each camper will learn all there is to know about our environment and our world!

Culinary Arts- June 26th - July 7th

Sometimes it might seem intimidating to COOK with campers. Knives and ovens can seem like hazards. But at Camp Explorations, campers will be able to do hands on cooking projects in a safe, developmentally appropriate way! Cooking introduces campers to math concepts such as measuring and following a step by step process. It introduces campers to science concepts such as changes in matter by mixing ingredients or changes in the temperatures!

Uncharted Territories- July 10th - July 21st

Join us for an exciting camp session that is full of discovering, investigation, and exploration as we dive to the depths of the ocean, soar to the darkest locations in space, and delve into the most extreme lands that still remain a mystery! Join us for a truly uncharted adventure!

Myths and Legends- July 24th - August 4th

This session of camp is for all who enjoy great stories and the art of storytelling. Campers will look into some of the world's most famous myths, folktales and legends. Join us as we unlock some ancient secrets, explore the work of magic – from Hercules and Fairies to Bigfoot we will explore the myths and legends of yesterday and today.

Race Around our State- August 7th - August 18th

From the coast to the mountains North Carolina is full of treasures that your camper will be sure to explore during this two week session. During this sessions campers will investigate local history, study NC weather, and participate in culinary arts with local North Carolina recipes! We can't wait to race around our state with you!

STEM Happens- August 21st - August 25th

The exciting world of STEM is happening all around us! During our STEM summer program, campers will participate in various challenges that will require them to research, design, build, create, test, and develop innovative solutions for real world experiences. Our STEM session will engage their minds and allow them to see just how creative they can get when STEM happens!

Summer Camp

We understand that selecting a summer camp is one of the most important decisions you will make for your school-age child. A great deal of thought and consideration goes into your decision, and we are privileged that Bright Horizons at Harrison Park is among your choices. At Harrison Park, your child will be cared for by experienced and dedicated counselors in a fun, loving, and nurturing environment. We aim for each child to have an engaging, challenging, and enriching experience in our program. We look forward to partnering with your family and being the place where you find your school-age solutions.

About our Program

Your Partner in School-Age Care Solutions

We strive to provide you with flexible school-age solutions that demonstrate our commitment to excellence. When your school-age child needs care, Harrison Park provides:

- School's Day Out & Early Release
- After-School (Transportation provided for Reedy Creek & Cardinal Charter)
- Traditional Calendar Summer Camp

A Premiere School-Age Program

Our low counselor-child ratios allow us to establish personal connections in a small-group atmosphere. We provide innovative, theme-based camp programs designed specifically for school-age children.

A Partnership

From casual conversations to a standing invitation for you to participate in many capacities, we encourage a collaborative relationship between our administrative staff, counselors, and you, the parent.

The World of School-Age

Bright Horizons at Harrison Park understands the growing, physical, intellectual, and social competencies of school-age children. We create a safe and loving environment where the pressures of the world are not present and children can have exciting, memorable experiences. Our campus provides a space specifically designed with your school-age child in mind. This space is equipped with all things STEM including a 3D printer, Game Station & Media Corner with a Wii & Xbox Connect, a writers corner, touch screen computers, and finally an art space where all School-Age children can explore their inner creativity with unique art materials, music instruments, and dramatic arts materials!

We welcome & encourage your family to visit our amazing facility & experience the excitement! Please contact us for more information about how we can assist with your school-age care needs.
