LEGOs

Master builders, take your LEGO skills to the next level. Construct race tracks, cars, and skyscrapers; explore castles, space stations, and pirate ships. Then bring your creations to life in stop-motion movies and LEGO world skits that you create. On your mark, get set...build!

Indoor Games

Calling all gamers: Do you have skills? Are you a master with a console? Can you rack up points faster than tiles on a Tetris screen? Show fellow gamers what you've got. Take on an epic battle; explore a good mystery; or take your best shot at Pictionary. Grab your controller and...score!

Classic Games

We've no screens...no touchpads...no problem.

This is fun, old-school style. Tie yourself up in knots with Twister; shake up a masterpiece with Etch A Sketch, or use your imagination for an epic battle with your favorite action figures. You can even test your culinary skills a la Easy-Bake Oven. Proof that old-fashioned play can be modern-day fun.

Outdoor Games

Have a ball - literally...a soccer ball, a volleyball, or even a tennis ball. Outdoor games are all about being active: swing a racket, shoot hoops, or learn how to set up that perfect spike. Not into team sports? No problem. Enjoy the fresh air by building a fort, making some cool rope sandals, or catching some air with a kite. Ready, set...fly!

A Family-Oriented Program

At The Clubhouse, we recognize that a child does not come to us alone, but as a member of a family. The family is our starting point for developing programs and partnerships that create a strong sense of community.

A Partnership

From casual conversations to a standing invitation for you to participate in many capacities, we encourage a collaborative relationship between our administrative staff, counselors, and you, the parent.

The World of School Age

The Clubhouse understands the growing physical, intellectual, and social competencies of school-age children. We create a safe and loving environment where the pressures of the world are not present and children can have exciting, memorable experiences.
