

Exploration. Discovery. Fun.

Summer fun at Bright Horizons

Summer programs at Bright Horizons® offer indoor and outdoor activities, plus opportunities for fun, friendships, and exploration. Our programs group children by age and encourage their growing ability to make choices, work with others, and assume responsibilities.

Our camp teachers work collaboratively to develop a fun curriculum that takes advantage of all that the summer offers. They use playgrounds, the surrounding communities, and special visitors as an extension of the camp, helping children to discover science, explore nature, and engage in the creative arts, while learning about the vast opportunities in the world around them.
