<i>Field Trips: Farmer's Market, Goodberries/Park, and Swimming</i>					
Theme: Sky High Apple Pie	Escape Room	Jello Laser Optics	Ninja Warrior Course	Culinary Weaving	Apple Pie Bake-Off
<i>Field Trips: White Deer Park, Pizzeria, and Swimming</i>					
Theme: The Sky is Falling	Mysteries and Folk Tales	Go Pro: Aerial Photography	Foxtails	Making Rain Sticks	Crater Impacts
<i>Field Trips: Scavenger Hunt, Museum of Natural Science, and Swimming</i>					
JULY 30 – AUGUST 24			Join us for a Summer Event Friday, August 3!		
Theme: The Sky is Falling	Marshmallow Catapults	Egg Drop Challenge	Parachutes	Galileo Challenge	Slip n' Slide
<i>Field Trips: Jack Smith Park, Lassiter Mills, and Swimming</i>					
Theme: Space: the Final Frontier	Dissect a Cephalopod	RC Rock Crawler	Man on Mars	Galaxy Mobiles	Space Ice Cream
<i>Field Trips: Roller Skating, Planetarium, and Swimming</i>					
Theme: Space: The Final Frontier	Space Colonies	Making Fidget Spinners	Moon Boots	Bridge Command	Color Run
<i>Field Trips: Star Lab Visitor, Movies, and Swimming</i>					
Theme: Space: The Final Frontier	Klingon Language	Robotic Coding	Rock, Paper, Scissors, Lizard, Spock	Sci-Fi Sculptures	Trekkie Food
<i>Field Trips: Kelly Road Park, Laser Tag, and Swimming</i>					

Daily access to Natural Outdoor Environments and STEM Resources including 3D printer, Cosmo and Dash Robots, and GoPro cameras.

The SKY IS THE LIMIT

Summer Camp 2018

The Clubhouse @ Bright Horizons

919-380-2003 • www.trackoutraleigh.com

WIND IN YOUR FACE

June 11 – 22

As we study weather and its patterns, your student meteorologists will storm chase and explore wind using state-of-the-art storm charts and technology. From tornadoes to fans, you will be surprised at how wind affects our lives today and in the future. Bring your bike or scooter for Bike Day so we can feel the wind on our faces.

IT'S A BIRD, IT'S A PLANE...

June 25 – July 6

Combining the determination of the Wright Brothers with the heroism of Superman, camp will focus on flight in all its forms. Airplanes, birds, kites and even capes fall within the realm of our explorations. Campers will also bust out the capes and masks to transform into superheroes.

SKY HIGH APPLE PIE

July 9 – July 20

Our young chefs will create all sorts of recipes from different parts of the world, even those eaten in space! The sky is truly the limit when it comes to food. We'll see whose club will have the tastiest apple pie.

THE SKY IS FALLING!

July 23 – August 3

Newton's apple and Galileo's feather are iconic experiments on the effects of gravity. From calculating the trajectory of a marshmallow launched from a catapult to the fantastic contraptions used to cushion the fall of an egg, physics is the name of the game. But be warned, there is a folklore behind the panic of The Sky is Falling.

SPACE, THE FINAL FRONTIER

August 6 – August 24

During the last weeks of camp, we will expand our horizons by going from the merely terrestrial to the interstellar. Exploring both real and fictional spacefarers, we will learn the ins and outs of outer space. Beaming aboard the USS Clubhouse, we will go where no camper has gone before.

Summer Camp 2017: The Sky is the Limit! Grades K-9

The sky is the limit as we use today's technology to explore all things related to the sky, wind and outer space!

STAT Camp Grades 6-9

Selfless Teens Addressing the Times: STAT encourages youth to be leaders in their community by giving them an opportunity to learn about a variety of organizations that help meet the needs of the homeless, hungry, poor and sick locally, nationally and internationally.

CIT Program Ages 15-17 year olds

Counselor in Training Program: CIT's are mentored by a Clubhouse Counselor and will learn the ins and outs of how to be a great camp counselor!
