

Curriculum Enhancements

FOR YOUR CHILD

Bright Horizons® World Enrichments are enhanced learning opportunities and are often provided in dedicated spaces that are designed to promote experiences above and beyond the classroom. The following programs are included in your monthly tuition:

Art Studio: Beyond every day art experiences – exploration of a variety of art mediums and artists and artistic styles

Movement Matters: Including but not limited to yoga, balance, music and movement

STEM: In depth, hands-on investigation into the integrated concepts of science, technology, engineering and math

Garden Works: Children in all age groups, infant and above, discover science through exploration of the natural world and gardening

Handwriting without Tears®:
An introduction to letter writing for preschool and above

Everyday Mathematics®:
A hands-on introduction to math concepts for preschool and above

Baby Signing: Sign language for infants and toddlers

**Please note, not all programs are available in all locations. Check with your local center for a full list of offerings.*
