

Bright Horizons® Military Family Program

Serving Families Who Serve and Support Our Country

Bright Horizons is proud to care for the children of parents who serve in the armed forces. We offer families a variety of unique programs to provide your children the highest-quality care and education as you work to ensure the operation and safety of our country.

Find a Bright Horizons Child Care and Early Education Center

To find a Bright Horizons child care center near you or to learn more about our programs, please visit www.brighthorizons.com/militarychildcare. Our center locator can help you identify a participating Bright Horizons child care center that is most conveniently located for you.

Child Care Support

Bright Horizons is pleased to participate in Military Child Care in Your Neighborhood and Operation Military Child Care, the child care subsidy program administered through the *National Association of Child Care Resource and Referral Agencies (NACCRRA)*. These efforts between the Services, NACCRRA, and Child Care Resource and Referral agencies (CCR&Rs) help those who serve in the military to find and afford high-quality child care that suits their unique needs.

The Department of Defense (DoD) is committed to supporting eligible military families, including active duty, deployed National Guard, and deployed Reserve. Whether your family needs deployment support, enduring care, loving care for your infant, or after school and summer care for your school-age child, we will work to provide a program to meet your needs.

To learn more about these and other programs which may suit your specific circumstances please contact your nearest military installation or visit www.NACCRRA.org/military or www.militaryonesource.com.

High-Quality Care and Education

At Bright Horizons Family Solutions, we consider it our privilege to accompany children as they embark on a journey of growth and exploration. In our programs, children 6 weeks to 6 years experience a world rich with discovery guided by skilled and sensitive teachers who celebrate each child's individuality. Through our signature curriculum *The World at Their Fingertips™*, a loving staff, and friendships that begin in infancy, children at Bright Horizons centers build a strong foundation for a lifetime of learning. Our programs for school-age children support their desire to learn by providing new opportunities to help them explore the world around them. School-age children can enroll in Bright Horizons centers that offer before- and after-school care, back-up care for school holidays and school closings, and summer day camp programs. Some of these programs may also be eligible for tuition assistance.

Our programs meet state licensing requirements as well as meet or exceed the standards of excellence developed by the National Association for the Education of Young Children (NAEYC).

Our Commitment to Supporting Military Families

Bright Horizons is proud to participate in additional programs to support military families such as the Army Spouse Employment Partnership, where we match our programs that are closest to military bases with local army spouses to help them explore career opportunities with our company. In addition, more than 25 government institutions on the local, state, and federal levels are currently Bright Horizons clients.
