

# After-School Program at *Bright Horizons at Round Rock*

## School-Age Program Overview

We understand the growing physical, intellectual, and social competencies of school-age children. Our program is designed to meet their needs and help them develop friendships and be challenged to learn and grow. We strive to create a safe and loving environment, where the pressures of the world fade away and children can have a memorable adventure.

**Bright Horizons at Round Rock** provides daily before- and after-school care for students of **Fern Bluff Elementary**. Students are escorted to and from school each day by our staff, and served a nutritious snack, and provided their own dedicated classroom with activities just for them.

### Advantages of Our Program:

- Full day **SchoolsOUT** program during teacher work days and school holidays; only closed on major holidays.
- Low teacher-child ratios allow for personal connection in a small-group atmosphere.
- Convenient one-stop pick-up for families with younger siblings enrolled with us, and we are open until 6:30 p.m.
- After-school enrichment opportunities in our on-site Art Studio, Movement Matters Zone with rock-climbing wall, and Multi-Media Room.
- Full day Summer Camp program June – August.
